

# 20 MICRONS L I M I T E D

We, 20 Microns diabetes Centre are dedicated to provide assistant to those who are suffering from Diabetes, we extend our aid to family members of Diabetes patient also. We are sharing true information, treatment and guidelines to the diabetes patient for their better quality life with a free of cost. Our main aim is to extend support to diabetes patients who can take control on his/her diabetes and live normal life with Diabetes like others. We are committed to provide equal help to all cast, all type of income group people amongst society

How we complete this operation?

1. We are providing daily free consultancy at our centers & performing routine Blood Tests of our Members and Non- Members on every Friday and Saturday for diagnosis of Diabetes at our Centers.
2. We invite doctors to our centre to provide complete consultancy & to provide awareness about Diabetes by facilitating medical services through our appointed panel of Doctors. We have lunched our Web site wherein all details are available. [www. 20micronsdiabetescentre.org](http://www.20micronsdiabetescentre.org) also available on Face book Page.
3. From time to time, we are arranging various events to support the society such as Free Sugar Check up Camps, Workshop, etc throughout till time. Also our Volunteers are daily visiting different area in Ambulance VAN to carry out Test and counseling and also checking sugar level by Gluco Meter or by Laboratory test report.
4. We have issued free I-CARDS to diabetic members mentioning their Blood Group, Emergency contact numbers, Address, etc. This I-Card will always be available in the pockets of Diabetic patients, which enables them to seek help in any sort of emergency.
5. We have recently started the registration of SUPPORT MEMBERS with us, and we would issue them a "SUPPORT MEMBER CARD", catered to those members who are willing to provide services to the diabetic patients by means of their physical presence, providing Medical Guidelines, by means of donation or any other kind of support or contribution.
6. We are maintaining our each and every member's history report card on computer & monitoring time to time.

In short, we 20 microns diabetes centre are the only association in India who are adopting diabetic member for his/her entire life
